## Magic Mirror Booth Hire...

We specialise in wedding and event photo booth hire to suit any event.

Our friendly booth ushers, available throughout the event, will be able to help you and your guests get the best from your booth.

Our Magic Mirror booths have the necessary PAT Certificates and carry public liability insurance.

All we require from your venue on the day is space of around 2m x 3m to comfortably operate, a small table and a standard plug socket for power.

Using our Magic Mirror in a marquee? That's fine too - just ensure there's a toughened solid floor, that you have enough power to operate the booth and that the booth is not exposed to the elements!

**If you're unsure about venue suitability please ask - we've worked at plenty of venues and may have even worked at your venue before.**

### How does it work? Five steps to using our photo booth...

1. Guests choose props
2. Then enter the Magic Mirror setup area.
3. Your guests will have 3 or 4 individual pictures taken.
4. Within a few seconds your photos will be printed.
5. One copy goes to your guests, another copy is placed in the guest book if you have chosen this option where your guests then write a personal message which will bring a smile to your face each time you look at it!

### How much is it?

Magic Mirror hire is from £275 including staff, delivery, setup and collection. See our Facebook page for any special offers!

### Boost your booth!
